Subject: Appointment of a Doctor for Diptheria Immunization Scheme in Mysore City.

---

53) The President, City Municipal Council, the Municipal Commissioner and the Health Officer, Mysore City discussed the question with me on 18th October 1955 Sri B S Suryanarayana Rao,L.M.P., Registered Medical Practitioner. Mysore was appointed on 20th September 1954 as Assistant Surgeon, on Rs 75-5-150-10-200 on temporary basis in connection with the Scheme of Immunization against Diptheria and Whooping Cough in Mysore City While recommending the resolution of the City Municipal Council, the Municipal Commissioner, Mysore City stated that the doctors posted for work by the Superintendent, K.R Hospital, did not evince much interest in the work and wished to get back to their parent Department and that as many as four doctors withdrew themselves within a course of about six months The Commissioner endorsed the views of the Municipal Council that it is desirable to secure the services of a qualified doctor who would evince interest in that branch of work. Sri.Suryanarayana Rao is reported to be doing very good work and the Municipal Council is keen on retaining his services in connection with Diphheria Immunization Scheme Owing to dearth of experienced Assistant Surgeons, Grade III (non-gazetted) in the Medical Department, it has not been possible to post an experienced and competent doctor from the Department to the Mysore City Municipality for being in charge of the special work The President says that raw recruits cannot be expected to cope with the work which requires a man with capacity to move with the public, convince them of the usefulness of treatment, etc He strongly recommends that in view of the special nature of the work, Sri Suryanarayana Rao may be continued in the Municipality, exempting him from the operation of the P S.C Rules

54) The Scheme is being continued on a temporary basis and the work is a special nature. Sri.Suryanarayana Rao's work is reported to be very satisfactory I am inclined to agree with the President and the Commissioner that Sri Suryanarayana Rao may be continued in the Municipality as a special case exempting him from the operation of

Ref Letter No L 7990/CM 24-55-16 dated 1-10-1955 from the Secretary to Government, Education & L S G Departments
==

In Government Order No L 3849-50/Cm 26-54-61 d 7-7-54 the post of a doctor for attending to the worl connected with the immunization against diptheria has been sanctioned Howevel in letter No L 2440/CM 24-55-81 dated 7=6=55 it has been stated that the Government are of opinion that the continuance of the present incumbent Sri Suryanarayana Rao is opposed to the rules of recruitment But, in my letter dated 12-8-1955 addressed to the Secretary to Government, I have stated that medical men just out of college are not really useful for the work and that, therefore, the present incumbent Sri Surayanarayana Rao may continue in office In reply, to the communication referred to above has been received stating that there is no point in moving for the continuance of the present incumbent Dr Suryanarayana Rao

In this connection I might state that the work of Dr Suryanarayana Rao has been very satisfactory and it is after taking all aspects into consideration that the Council also approved of my approaching the Government for continuing the present incumbent It would be really difficult to carry on the work of this type having a raw recruit from the College In these circumstances, I will be much obliged if you can kindly call for the papers and pass orders for continuing the present incumbent in office
